

AT THE FOOT OF THE CROSS

VERSE 1 **Beneath the cross of Jesus, Lord, I would spend my days
In the shadow of the One Who ransomed me
May I not become familiar with its marvelous good news
But live my life with it always in my view**

CHORUS **At the foot of the cross
Lord I bow down and worship
Overcome by so great a love
At the foot of the Cross
I will cherish all Your mercy
All Your goodness, Your wisdom, Your power
At the foot of the cross**

VERSE 2 **Upon the cross of Jesus, Lord, I would fix my eyes
For it always will remind me of these truths
My iniquity seems endless, yet greater still Your grace
And I will glory in the cross throughout the ages**
