

THE GLORY OF THE AGES

- VERSE 1** Jesus, how we love You
How we long to sing Your praise
To join the mighty chorus that is worshipping Your name
For You are surrounded by an endless sea of joy
Multitudes rejoicing and declaring with one voice
- CHORUS** You're the glory of the Ages
Your eternity's delight
You're the hope of all creation
And the fountain of all life
You're the glory of the Ages
And the Lord of history
Your great throne will stand forever
Jesus, You will always be
The Glory of the Ages
- VERSE 2** Jesus, how we love You
For You proved Your love for us
When You became the Lamb of God by dying on the cross
Now You are exalted as our great Redeemer King
Throughout time our praise will be forever echoing
